EDUCATION

M.Tech. (Computer Engineering)
GBPUA&T

2019 - 2021

B.Tech. (Computer Science and Engineering)
U.T.U.

2014 - 2018

WORK EXPERIENCE

Teaching Assisstant
GBPUA&T

10/2019 - 10/2021

Migration Strategist and Planner
HCL Technologies

08/2018 - 05/2019   *Sector 126, Noida*

SKILLS

Machine Learning with Python (Linear Regression , Logistic Regression , Decision Tree, Random Forest, SVM, KNN, K means Clustering)

Data Visualization with Python   Blockchain

Consensus Algorithms   Python   C   C++

HTML   CSS   Bootstrap   Git   GitHub

QUALIFICATIONS

UGC-NET (12/2019)

GATE (2019)

GATE (2018)

PUBLICATIONS

Using Ensemble and TOPSIS with AHP for Classification and Selection of Web Services
Vietnam Journal of Computer Science (SCI indexed)

Incorporating Blockchain In QoS Based Semantic Web Services Selection: A survey
International Journal of Research and Analytical Reviews

An Intelligent Real-Time Forest Fire Detection System Using Computer Vision and Raspberry pi
International Conference on Threats and Challenges to Sustainability of Natural Resources

PROJECTS

Stock Trading Algorithm and Prediction System
Tech Stack Used :- Python, Backtrader, scikit-learn

Micro Blogging Site
Tech Stack Used :- HTML, CSS, BOOTSTRAP, DJANGO

INTERESTS

Chess   Novels   Movies
